Steve Jay to entertain Marina visitors at tomorrow's GPC Sunday Session

If you're looking for a fun, affordable and family friendly way to spend this Sunday afternoon, get along to Gladstone Ports Corporation's (GPC's) Sunday Sessions at the Marina, a free monthly entertainment program offering community members and visitors the opportunity to kick back and enjoy a variety of live performances.

Steve Jay will delight marina visitors with his repertoire of tunes from 12-3pm near the playground area adjacent to the Marina's Information Centre. It's the perfect excuse to pack a picnic lunch and get together with family and friends for a relaxing afternoon.

With the playground only metres away and a visit from GPC's mascot Curtis the Turtle, the kids will also be kept amused throughout the performance.
