

Plumbing Apprenticeship

Formed in 1914, Gladstone Ports Corporation (GPC) has been a vital part of the Gladstone community for more than a century, and the epicentre for Queensland's economic growth. We are a Company Government Owned Corporation (GOC), responsible for the import or raw material and the export of finished product associated with major industries in the Central Queensland region. GPC manages and operates four Port precincts - the Port of Gladstone, Port Alma Shipping Terminal, Port of Bundaberg and Port of Maryborough. GPC identifies that our employees are critical to our success, employing approximately 750 people to perform a variety of management, trade, technical and administrative duties across our three Port precincts.

GPC is committed to providing its apprentices with the skills and knowledge that they need to succeed in their chosen careers.

By obtaining these formal qualifications and licenses, the apprentices will be more competitive and successful in their careers.

Qualification

Certificate III in Plumbing

TRADE OVERVIEW

An industrial plumber is responsible for installing, maintaining, and repairing plumbing systems in various settings, while adhering to Australian standards and regulations. They are skilled in troubleshooting and diagnosing plumbing-related issues, such as leaks and clogs. Industrial plumbers work with a variety of materials, including copper, PVC, and stainless steel pipes, and must be knowledgeable about Australian building codes and regulations to ensure compliance.

COMMON TASKS

- Installing, repairing, and maintaining plumbing and gas systems, including water supply, drainage, sewage systems, gas lines and appliances.
- Reading and interpreting blueprints and specifications to ensure that plumbing and gas systems are installed correctly and comply with building codes and regulations.
- Troubleshooting and diagnosing plumbing and gas-related issues, such as leaks, clogs, and broken pipes.
- Installing and repairing fixtures and appliances such as sinks, toilets, gas ovens, and water heaters.
- Working with specialized materials such as copper, PVC, stainless steel pipes, and gas lines.
- Installing, repairing, and maintaining roofing systems
- Conducting regular inspections of roofing systems to identify potential issues and addressing them before they cause significant problems
- Assessing damage on stormwater drains and checking for signs of wear and tear such as cracking or leakages
- Working on backflow vales, thermostatic mixing valves and pump sets (water/ sewage)

WHAT MAKES A GOOD PLUMBER?

- Prioritising safety at all times, including following appropriate safe work instructions & safety procedures, wearing appropriate personal protective equipment, and reporting any safety concerns to supervisors
- Conducting oneself with honesty, integrity and professionalism treating everyone with respect & courtesy
- Proficiency in mathematics and good communications skills, both written and verbal
- Physical stamina is required to lift heavy equipment and work in uncomfortable positions
- Good hand-eye coordination and the ability to complete precise work
- Willingness to learn and continuously improve

In order to become a Plumber you must complete an apprenticeship in Plumbing. A Plumbing apprenticeship usually takes four years to complete in conjunction with a Registered Training Organisation (RTO).

Applying for a career with GPC

AGREEMENT WITH GPC

As an apprentice, you enter into a formal training contract with GPC.

You will spend most of your time working and learning practical skills on the job, however, some time will be spent undertaking structured block-release training.

Trainers will assess your skills and when you are competent in all areas, you will be awarded a nationally-recognised qualification.

To improve your chances of gaining an apprenticeship, you can learn some basic skills and knowledge through pre-apprenticeship courses or structured work placements through your school.

WHAT WE LOOK FOR

As a GPC Apprentice you will need to provide us similar examples and prove to us you have the capability to:

- Work safely in a heavy industrial environment
- Possess good communication skills both written and verbal
- Be motivated to learn and develop new skills
- Have the ability to work constructively in a team.

There are several steps in the apprentice/trainee recruitment process and successful candidates commence in late January, early February each year.

MINIMUM REQUIREMENTS

You must have completed Year 10 with Sound Achievement or higher in English and Maths to be successful for an apprenticeship at GPC.

ANNUAL INTAKE

GPC recruits annually for apprentices and trainees across a number of trade areas. Advertising is conducted over a number of weeks in July each year with applications closing in late July.

OUR COMPETITIVE ADVANTAGE

All apprentices participate in the Apprentice Port Trust Scheme where a nominal payment is deposited weekly into a

trust fund over the term of their apprenticeship that can be accessed at the completion of the apprenticeship as a lump sum payment.

APPRENTICE AWARDS

GPC has an apprentice/trainee award scheme which includes four key elements:

- Apprentice/Trainee of the Year
- Performance Management
- Training and Development
- Mentoring.
